NIK MUHD ZULKARNAIEM

INFORMATION TECHNOLOGY STUDENT | SOFTWARE DEVELOPMENT | IT SUPPORT

Damansara, Selangor, Malaysia | zulkarnaiem03@gmail.com | +6019-252 7895 |

PROFESSIONAL SUMMARY

Information Technology student with experience in IT support, application development, and workplace digital solutions. Skilled in troubleshooting, documentation, workflow testing, and Microsoft tools, with project experience in web, mobile, and Power Apps development.

EDUCATION

Kolej Poly-Tech MARA (KPTM), Batu Pahat — June 2024 – Present
Diploma in Information Technology
Current CGPA: 3.87

SKILLS

- **Programming & Web:** Kotlin, Java, C++, HTML, CSS, PHP, Laravel, MySQL
- **Development Tools:** Android Studio, Firebase, Microsoft Power Apps, GitHub Pages, UI/UX Design
- **Microsoft 365 & Business Tools:** Excel, Outlook, Teams, SharePoint basics, MailerLite, SendBlaster, GDMS Wi-Fi Vouchers
- **IT Support:** User support, troubleshooting, IT asset tracking, documentation, communication, problem-solving

WORK EXPERIENCE

IT Intern, Malaysian Employers Federation — **July 2026 – October 2026**

- Provided first-level IT support to approximately 10–30 MEF staff weekly, assisting with software installation, connectivity issues, hardware/peripheral setup, application access, and user support requests.
- Supported and completed 101 IT service requests from 13 July to 8 October 2026, handling day-to-day troubleshooting and helping executives focus on higher-priority technical tasks.
- Prepared, tested, and supported email blast operations using MailerLite and SendBlaster, handling up to 6 email campaigns in a day for training programmes, circulars, webinars, surveys, AGM notices, and reblasts.
- Organised approximately 12,000 member email records into MailerLite state groups and maintained around 140 IT asset records to improve tracking, reporting, and campaign targeting accuracy.

Bakery Assistant Supervisor, HeroMarket — **July 2021 – July 2024**

- Coordinated daily bakery operations, staff tasks, and customer service to maintain workflow and service quality.
- Supported inventory management, staff training, and resolution of operational issues.

PROJECTS

Meeting Room Reservation System **2026**

- Developed an internal Microsoft Power Apps room booking system for MEF HQ, supporting meeting rooms with room availability checks, booking management, approval flow, cancellation, reschedule requests, and feedback-based improvements.

StudySync **January 2026 – Present**

- Developed an Android app using Kotlin, Java, and Firebase, featuring real-time chat, task tracking, authentication, and file uploads.

Rasa Warisan **2025**

- Contributed to a web-based restaurant reservation system using HTML, CSS, Bootstrap, PHP and MySQL, supporting UI layout, workflow testing, documentation, and database integration.

Assignment Rush — Browser-Based Productivity Game Personal Project **May 2026**

- Built a browser game featuring combo mechanics, score tracking, dynamic difficulty, animations, and mobile controls; published on GitHub Pages.

Live Demo: Assignment Rush

ACHIEVEMENTS AND LEADERSHIP

- Academic Excellence Award — Majlis Apresiasi Pelajar for achieving GPA 3.96 in Semester 1 and Semester 2.
- Program Director — Program Sukaneka Ceria, leading 20+ committee members in planning, task delegation, coordination, and execution.
- Silver Award recipient in the IT Ideation & Innovation Competition for presenting StudySync.
- Served as an actor in promotional content during internship, strengthening presentation, teamwork, and public-facing communication skills.
- Completed Cisco Networking Academy IT Essentials: PC Hardware and Software certification, strengthening foundational knowledge in computer hardware, software, troubleshooting, and IT support.
